It was late so they sent everyone away and got into a ship. Jesus went to the back of the ship and went to sleep.

Oh, no! This is bad. There is water everywhere. The waves are too big. The wind is too strong. We will sink. Jesus, wake up. The ship is full of water. Help us or we will sink!

Jesus got up and told the wind and waves to stop. He said, "Peace, be still." They stopped and it was all calm. The men said, "What kind of man is this, even the wind and waves obey him?"
