There was an important Jewish man named Jairus (J-I-rus.) His little girl was very sick so he came to ask Jesus to come heal her.

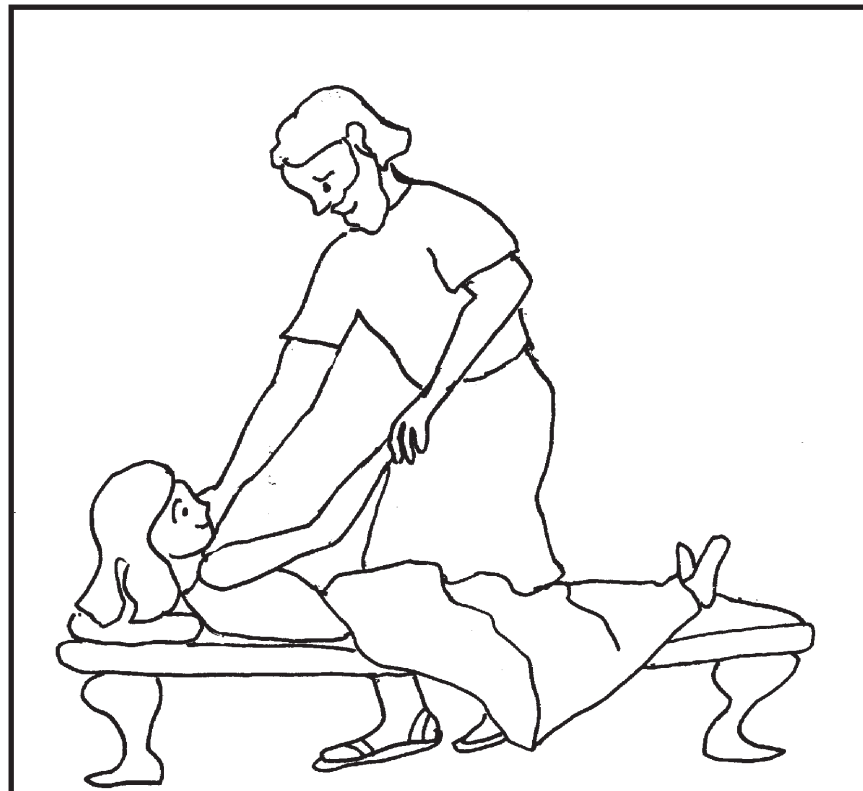

Just then someone from his house came and said that it was too late, she had died. Jesus told him "Fear not."

When they got to the house everyone was crying. Jesus made them all stay out except the girl's parents and 3 of his disciples. Jesus said, "She is not dead, but sleepeth." They all laughed at him because they could see that she was dead. So Jesus made all of them go out too.

Jesus took her by the hand and said "Maid, arise." She did. She was healed!

Can you name 3 things that we learn about healing from this story?
