One day, Jesus and his disciples were in the temple. They saw the people bringing money to give. Many rich people gave a lot of money. Then a poor widow came. She gave 2 "mites." That was not very much money but, it was ALL that she had!

Jesus told his disciples that she had given the most.

What do you think that he meant?

How does our thinking make a difference when we do something good?

On the next page, write in the thought clouds what you think they might have been thinking.
