In Genesis:1 it clearly states,  
*“God created man in his own image, in  
the image of God created he him;...  
And God saw everything that he had  
made, and befold, it was very good.”*

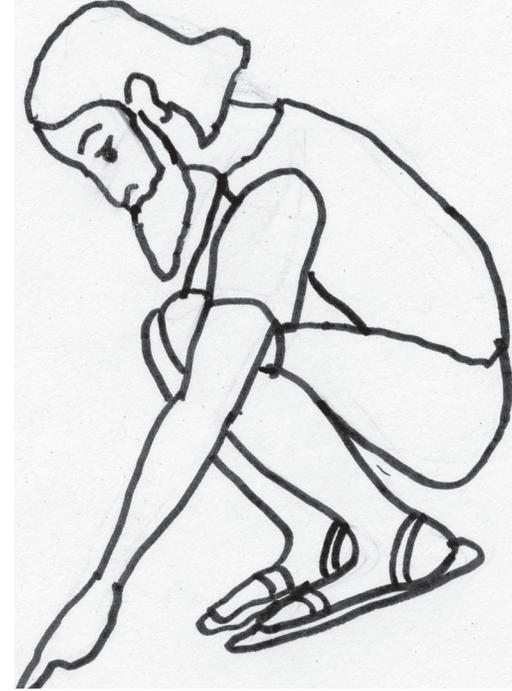

Sin, disease and death are bad. If we  
accept Genesis:1 then God didn't make  
them. We don't have to be afraid of  
them. The Bible has many examples to  
show us this is true. This booklet looks  
at 3 of them.

## Sin

One time some people were trying to trick Jesus into saying something he shouldn't. They brought him a woman who had broken the 7th commandment. They told him that Moses said she should be stoned to death and asked what he thought they should do.

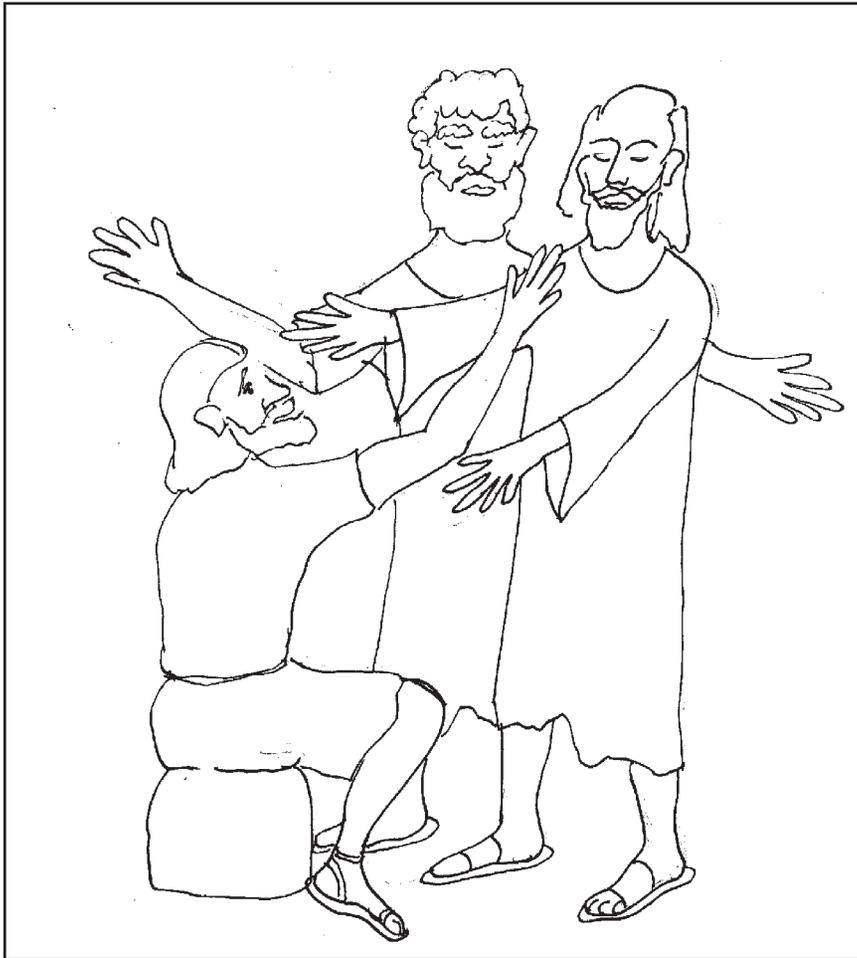

Jesus stooped down and drew in the dirt.

When they kept asking him, he said that whoever was without sin among them should cast the first stone. Then he continued drawing in the dirt until they were all ashamed of themselves and left. Jesus told the woman that she was forgiven and could go but she should not break the commandments any more.

## Disease

Another time, Jesus was walking and 2 blind men were following him and calling out to him. When he asked what they wanted they told him they wanted to see He healed them.

4

## Death

After Jesus left, his followers continued to preach and to heal. Paul was very active doing both of those things. Some of the Jews became upset with him and stirred up a crowd to stone him to death. Then they dragged his body out of the city.

5

The other followers of Jesus who had been with Paul, stood around his body and prayed. Paul got up and went on his way, continuing to preach and to heal!

*In Psalms it says, "O Lord, my God, I cried unto thee, and thou hast healed me. Thou hast turned for me my mourning into dancing, thou hast put off my sackcloth, and girded me with gladness; to the end that my glory may sing praise to thee, and not be silent. O Lord my God, I will give thanks unto thee for ever."*

So how do you answer the question?  
Are sin, disease and death real?

---
