

New Jerusalem

Revelations 21 and Science and Health with Key to the Scriptures
by Mary Baker Eddy p.575:7-13,, 17 and 577:12

The book of Revelations is full of symbols, things that stand for something else. The sign "\$" is a symbol for money. Here is a model. Cut the solid lines and fold the dotted lines. The large square will be New Jerusalem. Fold its walls to upright positions and use the tabs to secure* them. (You will want to read the passages from Science and Health before you secure* them so you can write what each wall symbolizes before you put it upright.) If you would like to draw yourself inside the city walls you may.

Cut out the "light of the lamb." You may color it. Use the cut strips to write what the light symbolizes and secure* them to the light rays.

Use the the folded strips to hold up the "light of the Lamb." Secure* it to the back wall.

Cut a gate of the city in the front wall (opposite the light holder) This gate will not close. Write on it why not.

*you may use tape, glue sticks, white glue or staples
